

Patel Precision

2013

Showcasing Patel Precision's expertise in CNC machining, quality components, and complete engineering solutions.

Our Infrastructure Highlights

- Advanced 3, 4, and 5-axis CNC machining centers
- Precision turning and milling machines
- Dedicated inspection lab with CMM, profile projector & gauges
- Controlled material storage and batch traceability systems
- Skilled, trained workforce and lean production setup
- Power backup and maintenance systems for uninterrupted operations
- Scalable capacity for small batches to high-volume runs
- VMCs5Axis 2 Nos –850x500x500mm (Make: Cosmos & BFW)
- VMCs-4Axis -2 Nos -400x350x350mm (Make: AMS & Cosmos)
- VMCs-3Axis- 3 Nos -400x350x350mm (Make: AMS & Jyoti)
- CNC Lathes (16 Nos) –250mmx450mm (Make: ACE & Jyoti)
- BandSaw (Fully Automatic)-(3 Nos)-Dia250mm
- Automat Traub (3Nos) Dia 25mm)
- Broaching Machine -6Ton (SPM)
- Outsourced: Surface & Cylindrical Grinding, Plating & Heat treatment

Registration Certificate

This is to certify that

PATEL PRECISION PVT. LTD.

A 16/5, HARIHAR CORPORATION, DAPODE, BHIWANDI,
THANE – 421302, MAHARASHTRA, INDIA.

has been assessed by RAPL and found to comply with the requirements of

ISO 9001:2015
Quality Management Systems

For the following activities:

**MANUFACTURE AND SUPPLY OF CNC MACHINED PRECISION
COMPONENTS AND ASSEMBLIES.**

Certificate Number: E20240611139

Date of certification: 10/06/2024

Ist Surveillance on or before: 09/06/2025

IInd Surveillance on or before: 09/06/2026

Certification Valid Until: 09/06/2027

Accredited

CERTIFICATE OF REGISTRATION

In reference to above, Registration of your firm with this Organization is hereby as per following details:

M/S PATEL PRECISION PVT. LTD., REGISTERED & WORKS ADDRESS – A - 16/5, HARIHAR CORPORATION DAPODE, BHIWANDI, THANE – 421302 (MH) is hereby registered with Rail Coach Factory, Kapurthala on Provisional basis for Two year and monetary limit upto Rs. 68. 68 Lakhs only (Upto Rs. Sixty Eight Point Sixty Eight Lakhs only) for the following trade groups :

Trade Group	Item Details
0032	Components Involving Machining only.

The registration will remain valid up to:		03/03/2023.	
Registration No.	P-2378.	Vendor code	PA0117.
Date of issue : 03/03/2021.			
Applicant reference no. Nil.		Dated – 26/10/2020.	

(Lalit Kumar)

Dy. CMM, RCF, Kapurthala

Dy. Chief Materials Manager/Gen
रेल डिब्बा कारखाना, कपूरथला
Rail Coach Factory, Kapurthala

Conditions of Registration :

- Any change in constitution (Address, Partnership deed, Memorandum, Article of Association etc) of your firm should be promptly Communicated to this office.
- The issue of this registration certificate does not entitle you for getting tender enquiries in all cases and does not guarantee you any award of Contract.
- Registration No. allotted to you should be quoted in all future correspondences with this office. This registration will not apply to any of your other branch/ office.
- You should apply for renewal of registration at least 3 months before expiry of validity along with following documents for this purpose:-
 - Performance statement for supplies to RCF
 - Details of tenders of RCF in which you have participated
 - Certified / Audited copies of commercial documents (Balance-sheet , Profit & Loss Account , Annual Report) of last 3 years.
 - Current & Valid ISO certificate.
- You shall abide by IRS condition of contract and other rules of Railway administration as in force at present and as amended from time-to-time.
- RCF reserves the right to De-register/ Remove / Suspend your firm without giving any notice whatsoever.
- Any involvement of your firm in corrupt practices (such as Fraud, Misrepresentation, Cartel formation etc.) , will tantamount to automatic De-registration.
- Monetary limit is for the purpose of deciding the value of PO for which you will be exempted from EMD/SD. However this does not entitle you for Placement of order of this limit.
- Your quotation in tender for items (other than trade group mentioned in this certificate) will be treated at par with unregistered vendors
- You should ensure availability of Digital Signature Certificate for participation in e-tenders of our Organization (visit www.ireps.gov.in)

Our Products

Air Compressor Valves

We produce robust, precision-machined air compressor valve components designed to withstand high pressure and harsh environments. Our valves are known for optimal airflow control, extended durability, and compatibility with leading compressor systems.

Custom Turned Components

We manufacture precision-turned parts — from intricate micro components to robust, heavy-duty parts — serving industries such as automotive, agriculture, and medical. To deliver complete, production-ready solutions, we also offer value-added services including heat treatments (hardening, tempering, carburizing) and surface treatments like hard chrome plating, anodizing, nitriding, and electropolishing — all through our network of certified suppliers.

CNC Machined Components

At Patel Precision, we specialize in high-accuracy CNC machined parts manufactured from stainless steel, aluminum, brass, and special alloys. Our advanced 3-, 4-, and 5-axis CNC machines allow us to deliver complex geometries with tight tolerances, suited for industries like aerospace, automation, and precision engineering.

Our Products

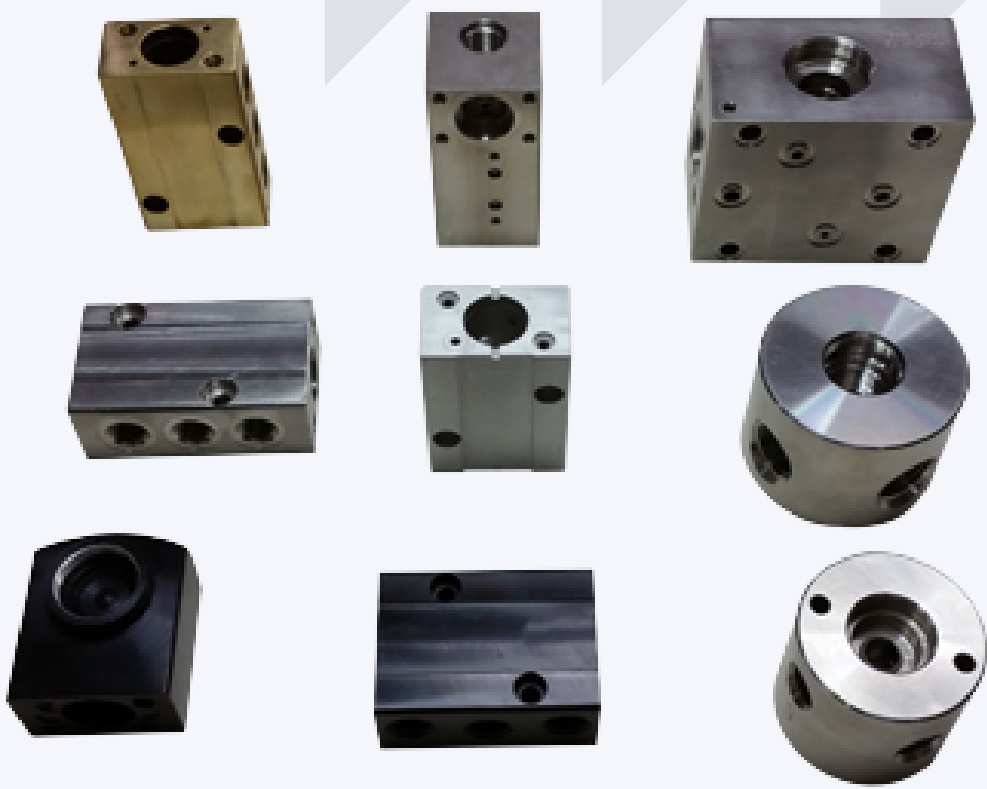

Spray Nozzles

Our custom spray nozzles are engineered for consistency, corrosion resistance, and flow control across various industrial applications. Whether it's fine misting or high-pressure spray, we manufacture nozzle systems that ensure performance and longevity.

Manifold Blocks

Designed for fluid and air control systems, our manifold blocks offer compact, leak-free integration for complex hydraulic or pneumatic circuits. Machined to exacting standards, they support high-flow operations and system efficiency.

Precision Tool Holders

Our range of tool holders ensures secure, vibration-free operation in high-speed machining environments. With balanced construction and high concentricity, they are ideal for CNC milling, turning, and drilling applications.

Our Products

5-axis components

We specialize in precision CNC components using advanced 3-, 4-, and 5-axis machines for tight-tolerance, complex parts. Our 5-axis capabilities enable simultaneous multi-surface machining, reducing setups and boosting accuracy across critical industries.

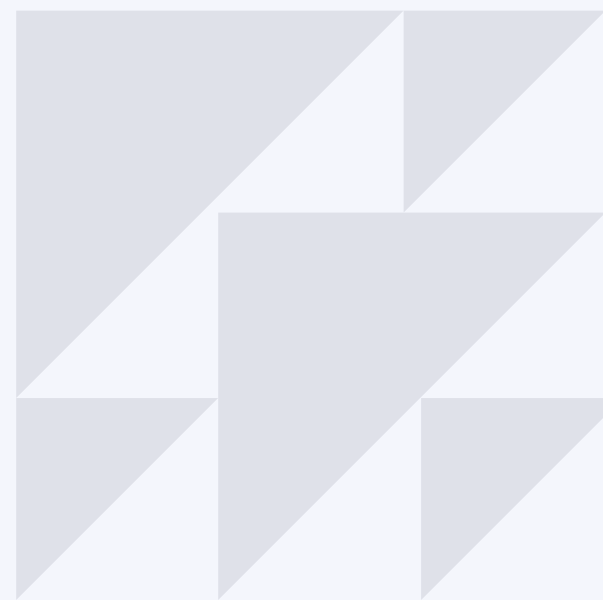

Tank Cleaning Components

We manufacture high-precision parts for industrial and marine tank cleaning systems, including spray heads and adapters. Built for pressure performance and corrosion resistance, our components ensure long-term reliability in harsh operating environments.

Medical Components

We deliver critical precision components for medical devices, including surgical instruments and diagnostic parts. All parts are produced using biocompatible materials under controlled processes that meet international medical manufacturing standards.

THANK YOU

Write down your hopes for the future of your company. Don't forget to thank the company for the opportunity and convince related parties to support your company.
